Membership fee / Automatic collection

The fee is €86,00 in the academic year 2021/2022 and will each year increase by € 1,00. The half-year membership fee is €50,00 in the year 2022/2023.

The membership fee can only be paid through an automatic collection. The membership fee is always collected in October after receiving the Student Depreciation. The treasurer will always notify this in advance.

Also, the automatic collection is used throughout the year to pay for activities, contest participation, clothing etc. The treasurer will always send you an invoice to notify what amount of money they are going collect from your account.

On the registration form you will find a section where you can give permission for the automatic collection. Obviously the board will see to it that this is carefully handled.

Work action

Members who subscribed for an academic year have to engage at least once a year in actions whose proceeds benefit the association. If they abstain from doing this, they will be charged €20,00 per person.

Unsubscribe

You can only end your membership at M.S.Z.V. Lagakari by writing a letter or email to the board, for the attention of the Secretary. This should be done before the 1st of September. If your membership is not terminated before the 1st of September, you are required to pay another year contribution.
